Syed Hussain Mehdi

Mechanical Engineer

mehdihussain330@gmail.com

+923037253353

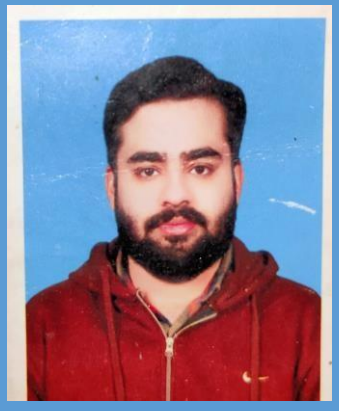

Multan,Pakistan

Date of birth: 7/11/1998

CNIC: 3630219517193

SKILL

- Effective Solution for Engineering Problems
- Microsoft office
- Solid works
- Digital Marketing
- Leadership

OBJECTIVE

To have a growth oriented and challenging career, where I can contribute my knowledge and skills to the organization and enhance my experience through continuous learning and teamwork.

EXPERIENCE

Lab Engineer (Sep 2021-July 24)

NFC Institute of Engineering & Technology Multan

- Documented and developed engineering procedures and processes
- Assisted in developing cost effective solutions to engineering problems
- Conducted technical evaluations of engineering designs and test results
- Performed complex calculations to analyze and optimize engineering process

Lecturer (August 2024-July 25)

- Delivered lectures on core mechanical engineering subjects, ensuring conceptual clarity and practical relevance for undergraduate students.
- Supervised student projects and conducted assessments to evaluate academic performance and technical understanding.

Education

- **M.Sc** Mechanical Engineering**(January 2022- June 24)**
- **B.Sc** Mechanical Engineering**(August 2017- August 21)**

Research Area

"Experimental analysis of combustion of thar coal for its utilization in power plant"

Competencies

- Mechanical Engineering

Achievements and Extra-curricular activities

- Serve as a Class Representative at the University
- Captain of Mechanical Cricket Team
- Work as a Finance Secretary in SMET
- Organize Events at University
